Community Renewal Team (CRT) HIV Testing Options:

*CRT offers three different options for personal HIV testing. Please choose the option that is right for you!*

### Option 1: In-Home HIV Test Kit Mailed to You

You can now request a FREE in-home HIV test kit. Know your status from the comfort and privacy of your own home in just 20 minutes!

CRT staff will conduct a quick intake interview with you on the phone, mail the HIV testing kit to you, and be available throughout this process for any questions or concerns you might have, to discuss your results and what to do next.
